Incredible Cattle/Horse farm fenced and cross fenced with a small pond . A white board fence along the road leads to and incredibly well kept 4 bedroom 3 1/2 bath all brick home with a rocking chair front porch. The back deck leads to and in-ground pool overlooking the immaculately maintained grounds. There is a 31 x 44 detached double garage with an apartment above. The garage doors are large enough to pull your RV inside. The Bermuda pastures are fenced and cross fenced and there are currently 60 head of cattle enjoying the view. In addition there is a 60x96 hay barn and a full cattle working area.
